

## BIOPEC Degreaser

Originally developed in Scandinavia this unique combination of surface-active agents, sequestrants and alkaline builders was designed to chemically remove engrained smoke marks, oil and dirt from hard surfaces.

### Features

- Does not contain ingredients which accelerate metal corrosion
- Ideal for hot or cold pressure wash machines
- Does not contain caustic soda
- Biodegradable
- Large or old stains will need re-treatment.
- Regular treatment will prevent a build-up and not damage asphalt or concrete when used at the appropriate dilution.

### Benefits

- Effective at high dilution
- Easily and gently removes oil and grime
- Safe on aluminium, metal surfaces, glass, and rubber
- Effective in hard and soft waters

Suitable for	SKU Code	Pack quantity	Pack weight	Container size
<ul style="list-style-type: none"> <li>• driveways</li> <li>• service areas</li> <li>• car garages / workshops</li> <li>• garage forecourts to clean pumps and filling areas</li> <li>• diesel stains</li> </ul>	900/01000-6	6 pack	3.5 kgs	500mls trigger
	900/01000-12	12 pack	6.5kgs	500mls trigger

**Application:**

1. Spray on to affected area
2. Leave for 2-5 minutes for the surfactants to absorb the oil
3. Then wipe/wash away.

Also available in 5, 20, 25, and 205 litre plastic containers. Depending on area to be cleaned and severity of the stain, dilute with water up to 50:1 for light stains and general purpose cleaning.
